Metalinguistic and Pragmatic Abilities of Participants in Adult Literacy Programs..... 37

EHUD YAIRI, NICOLINE G. AMBROSE, ELAINE P. PADEN, and REBECCA N. THRONEBURG
Predictive Factors of Persistence and Recovery: Pathways of Childhood Stuttering 51

Volume 29, Number 2, 1996

JESSICA R. HARRIS
Verbal Rehearsal and Memory in Children with Closed Head Injury: A Quantitative and Qualitative Analysis 79

J. COMMUN. DISORD. 29 (1996), III–VII
© 1996 by Elsevier Science Inc.
655 Avenue of the Americas, New York, NY 10010 0021-9924/96/$15.00

MICHELE G. CLARKE and LAURENCE B. LEONARD
Lexical Comprehension and Grammatical Deficits in Children with Specific Language Impairment 95

JEANNENE M. WARD-LONERGAN, BETTY Z. LILES, and STEVEN V. OWEN
Contextual Strategy Instruction: Socially/Emotionally Maladjusted Adolescents with Language Impairments 107

ANDREW STUART, EDWARD Y. YANG, and MIHAELA BOTEA
Neonatal Auditory Brainstem Responses Recorded from Four Electrode Montages 125

MARY M. GORHAM, RICHARD J. MORRIS, W. S. BROWN and RUTH A. HUNTLEY
Intraoral Air Pressure of Alaryngeal Speakers during a No-Air Insufflation Maneuver 141

Volume 29, Number 3, 1996

LINDA W. NORRIX and THEODORE J. GLATTKE
Multichannel Waveforms and Topographic Mapping of the Auditory Brainstem Response Under Common Stimulus and Recording Conditions 157

ELAINE M. FRANK, HIRAM L. McDADE, and WILLIAM K. SCOTT
Naming in Dementia Secondary to Parkinson's Huntington's, and Alzheimer's Diseases 183

NELSON MOSES and DAVID A. SHAPIRO
A Developmental Conceptualization of Clinical Problem Solving 199

DANA L. JANKELOWITZ and MELISSA A. BORTZ
The Interaction of Bilingualism and Stuttering in an Adult 223

Volume 29, Number 4, 1996

CLINICS ISSUE: STIMULABILITY AND SPEECH-SOUND DISORDERS IN CHILDREN

Introduction 235

THOMAS W. POWELL and ADELE W. MICCIO
Stimulability: A Useful Clinical Tool. 237

GREGORY L. LOF
Factors Associated with Speech-Sound Stimulability 255

ANN A. TYLOR
Assessing Stimulability in Toddlers 279

BRIAN A. GOLDSTEIN
The Role of Stimulability in the Assessment and Treatment of Spanish-Speaking Children 299

THOMAS W. POWELL
Stimulability Considerations in the Phonological Treatment of a Child with a Persistent Disorder of Speech-Sound Production. 315

ADELE W. MICCIO and MARY ELBERT
Enhancing Stimulability: A Treatment Program 335

Continuing Education. 353

Volume 29, Number 5, 1996

BRIAN A. GOLDSTEIN and AQUILES IGLESIAS
Phonological Patterns in Puerto Rican Spanish-Speaking Children with Phonological Disorders 367

LYNN S. SNYDER, AUDREY L. HOLLAND, and MARGARET FORBES
Lexical Decisions in Patients with Alzheimer's Disease: Some Notes on Automatic versus Controlled Processing 389

KEITH T. KERNAN and SHARON SABSAY
Linguistic and Cognitive Ability of Adults with Down Syndrome and Mental Retardation of Unknown Etiology 401

Continuing Education. 423

Volume 29, Number 6, 1996

VICKI L. HAMMEN and KATHRYN M. YORKSTON
Speech and Pause Characteristics Following Speech Rate Reduction in Hypokinetic Dysarthria 429

KATHLEEN R. BIDDLE, ALLYSSA McCABE, and LYNN S. BLISS
Narrative Skills Following Traumatic Brain Injury in Children and Adults 447

STEVEN B. LEDER
Adult Onset of Stuttering as a Presenting Sign in a Parkinsonian-Like Syndrome: A Case Report 471

Continuing Education 479
